Figure 1 illustrates the comparison of cognitive strengths between a single person (represented by the '5' icon) and a team (represented by the '6' icon). The figure is divided into two main sections, '5' and '6', each showing a large rounded rectangle representing the entity and five horizontal bars representing different cognitive strengths: Self-Reliance, Language, Logic, Attention to Detail, and Abstract Thinking. The bars are color-coded: blue for the first part and orange for the second part. In the '5' section, the bars are shorter, indicating lower scores. In the '6' section, the bars are longer, indicating higher scores. The '6' section is titled 'MEET OUR TEAM'.
